

Application

CHVP series product integrates over-voltage protection, under-voltage protection, over-current protection and integrated intelligent protector. When there is over-voltage, under-voltage and over-current solid barriers in the line, this product can instantly cut off the circuit, avoiding unnecessary damage to electrical equipment.

Specifications

| Product Model | CHVP |
|--------------------------------------|--|
| Power supply | 220/230VAC 50/60Hz |
| Max.Loading power | 1~40A Adjustable(default:40A) 1~63A Adjustable(default:63A) |
| Over-voltage protection value range | 240V~300V Adjustable(default:270V) |
| Under-voltage protection value range | 140V~200V Adjustable(default:170V) |
| Power-on delay time | 1s~300s Adjustable(default:30s) |
| Power consumption | <2W |
| Electric life | 100,000 times |
| Machinery life | 100,000 times |
| Installation | 35mm DIN rail |

Functions

- 1.Over-voltage protection
- 2.Under-voltage protection
- 3.Over-current protection
- 4.Automatic recovery
- 5.Voltage display(voltage measurement)
- 6.Current display (current measurement)
